## Truth-In-Savings Account for Share & Share Draft Accounts

Except as specifically defined, the following disclosures apply to all share certificate accounts offered by Horizons North Credit Union (HNCU).

**1. Rate Information.** For all accounts, the Annual Percentage Yield (APY) and Dividend Rate may change at any time as determined by HNCU's Board of Directors. The APY and Dividend Rate are the prospective yields and rates that the Credit Union anticipates paying for the applicable dividend period.

**2. Nature of Dividends.** Dividends are paid from HNCU's available earnings after required transfers to reserves at the end of the dividend period.

**3. Dividend Compounding & Crediting.** Dividends are accrued daily and credited monthly on all accounts. The dividend period for all accounts is the calendar month.

**4. Accrual of Dividends.** Dividends will begin to accrue on the business day you deposit non-cash items (e.g. checks) or cash items to your account. Dividends will begin to accrue on electronic direct deposits on the business day that the deposits are credited to your account. If you close your account before accrued dividends are posted to your account, accrued dividends will not be paid.

**5. Balance Information.** The minimum balance specifications required to open each account and earn dividends are set forth below.

**a. Regular Share Accounts.** The minimum balance required to open a Regular Share account is \$5.00. The minimum average daily balance required to earn dividends is \$500.00. If the primary account owner is a minor, dividends will accrue as long as the minimum account balance of \$5.00 is sustained for the entire month, and the account will automatically earn the highest rate. For Regular Share accounts, the average daily balance is calculated by adding the entire principal amount in the account for each day of the period and dividing that figure by the number of days in the period. You will not earn the stated APY during any period that your balance falls below the minimum account balance.

**b. Club Accounts.** The minimum balance required is \$5.00. For Club accounts, the average daily balance is calculated by adding the entire principal amount in the account for each day of the period and dividing that figure by the number of days in the period. Funds that are withdrawn before the transfer date will be subject to an early withdrawal penalty as set forth in the Fee Schedule.

**c. IRA Share Accounts.** The minimum balance required to open an IRA Share account is \$25.00. No minimum balance required to earn dividends. For IRA Share accounts, the average daily balance is calculated by adding the entire principal amount in the account for each day of the period and dividing that figure by the number of days in the period. IRA rules and regulations apply.

**d. Share Draft Accounts.** There is no required minimum balance for Share Draft accounts. Dividends will not be paid on Share Draft accounts.

**e. Interest Checking Accounts.** The minimum balance required to open is \$100.00. The minimum average daily balance required to earn dividends is \$500.00. If the minimum daily balance is not met, you will not earn dividends for the days that the account is below the minimum balance and a monthly fee, set forth in the Fee Schedule, will be assessed. For Interest Checking accounts a Daily Balance method is used, which means a daily periodic rate is applied to the principal balance in the account each day to calculate the dividends.

**f. Money Management Accounts.** The minimum daily balance required to open a Money Management Account and earn dividends is \$2,500.00. You will not earn the stated APY during any period that your account falls below the required minimum daily balance. For Money Management accounts a Daily Balance method is used, which means a daily periodic rate is applied to the principal balance in the account each day, to calculate the dividends.

**g. Horizons Accounts.** The minimum daily balance required to open a Horizons Account and earn dividends is \$25,000.00. If the minimum daily balance is not met, you will not earn dividends for the days that the account is below the minimum balance and a monthly fee, set forth in the Fee Schedule, will be assessed. You will not earn the stated APY during any period that your account falls

below the required minimum daily balance. For Horizons Accounts a Daily Balance method is used, which means a daily periodic rate is applied to the principal balance in the account each day, to calculate the dividends. Minimum withdrawal amount is \$500.00.
